

FAQ: THE LEGACY TRAIL EXTENSION - NOVEMBER 6th REFERENDUM

Q: Why Extend The Legacy Trail?

Enhances Quality of Life and Property

- **Promotes healthy lifestyles for all ages** by providing an attractive and safe place to walk, run, skate, cycle, explore local nature viewing opportunities, commute to jobs or run errands.
- **Converts an unused, overgrown rail corridor** to a highly used recreational and commuting trail, reducing traffic congestion, improving air quality.
- **Connects existing neighborhood trails** and other on-road bike lanes.
- **Promotes local economic activity:** Many studies have shown that multi-use trails promote local economic activity, stimulate tourism, raise nearby home values, promote healthy lifestyles for all ages, and reduce employee healthcare costs.

Improves Safety for Cyclists, Walkers, Runners and Skaters.

- **Supports the Safe Routes to School National Partnership**, creating safe and convenient ways for children to walk or bicycle to school and promotes daily physical activity. There are 27 schools within one linear mile of the Trail and 45 schools within two linear miles.
- **Provides nearly 30 miles of continuous non-motorized, paved, multi-use trail link** between communities and amenities.
